## FAQ's

### **Is it ok for guests to leave their vehicles overnight?**

Yes, if guests are taking taxis or another source of transportation home, they are more than welcome to leave their vehicles parked in the parking lot. We ask that those vehicles be picked up at their earliest convenience, the next day.

### **What time do I have to leave the night of the event?**

We have a curfew of 12am. All music and bar service must be done by this time. From there, you and your guests can gather your items and begin arranging their departure.

### **Are pets welcome?**

Yes! If you would to include your furry friend(s) in your special day, we allow that! We do have our own animals here on site as well as livestock in some of our fields, so all that we ask is that you pick up after your pets, and keep them leashed/ watched while here.

### **What is event insurance?**

Event insurance is a way to ensure you and your guests are covered if anything were to go wrong during your event. You are responsible for your guests while they are onsite, and if anyone were to get hurt, this insurance will cover you. There are many different companies that offer this with different types of coverage. Standard liability including liquor liability would be the minimum, however you can go for a really detailed plan that includes loss of wedding gifts, cancellations, etc. Duuo is a Canadian company that offers just your standard liability that I can recommend. We are in no way affiliated with them, but our venue is a listed vendor making it easy to sign up, and they offer a discount to event holders at our location. [www.duuo.ca](http://www.duuo.ca)
